# WHO IS JOHNSON'S CREEK

- - - - X

Combine high energy country rock with classic country standards and mix a growing catalogue of original material and you have the ingredients for a potent four-piece ensemble from Southern Ontario named **Johnson's Creek**. Featuring **Glenn Code** (lead vocalist/guitars), **Michael Lanteigne** (lead guitar/backing vocals), **Mike Crombez** (bass guitar/backing vocals) and **Jake Adams** (drums/backing vocals), Johnson's Creek have been building a strong reputation for themselves since arriving on the scene in the summer of 2017 with the release of their debut single "Ocean Fantasy". Since that point, Johnson's Creek released a self-titled, six-single EP in the Fall of 2019 which triggered strong airplay for their anthemic single "**I Like It Dirty**" which earned them key bookings with major concerts such as the 2018 Stars And Thunder Festival in Timmins, Mattawa Voyageur Days, back to back years at Rogers Hometown Hockey and numerous gigs throughout Northern and Southern Ontario. 2022 proved big for the band with the release of 2 singles, "Burn It Up" and "Tell Me Something Good" and notching 40+ performances throughout Canada including dates at the Famed Cavendish Beach Music Festival in PEI, the Winkler Harvest Festival in Manitoba 4 dates at The Canadian National Exhibition and a headlining spot Toronto's Legendary Horseshoe Tavern. Whether it's projecting their high-energy 'Redneck Rock n Roll', inspired by the likes of The Road Hammers and The Georgia Satellites or more classic standards influenced by Johnny Cash, Merle Haggard and Hank Williams, Johnson's Creek has the unique ability to appeal to a wide variety of country music

We are happy to include Jojo Cajons in our instrument arsenal. Jojo Cajons are Canadian made (just up the road from us in fact - Barrie, Ontario), and are hand crafted from top materials, and can be custom designed for every need.

JCB is thrilled include Jojo Cajons in all our performances. They are our preferred percussion instrument, more details can be found [here](#).

JOHNSON'S CREEK LIVE AT THE LEGENDARY HORSESHOE TAVERN

Music Express Magazine

"Everyone on the team loved you guys. Not to mention everyone in the crowd - it's not actually that often the crowds gravitate towards the band performances like they did with you guys this weekend. You guys all brought complete showmanship and musicianship, and for that I thank you very much"

- Cole Nicholson, Stage Manager - Rogers Hometown Hockey

Johnson's Creek played to a capacity crowd last night....Our new stage couldn't have been christened by a nicer group of guys.
